

ADD FREQUENTLY USED WEB PAGES TO YOUR EDGE FAVORITES

When you find a Web page that you would like to add to your Favorites for quick access later on, follow these steps.

1. Open the Edge browser.
2. Display the page that you would like to store as a Favorite.
3. Click on the **STAR** on the menu bar.
4. Assign a name to the favorite.
5. Click on either **Favorites** or **Favorites Bar**.
6. Favorites that you pin to the Favorites Bar will appear on a bar near the top of your browser.
7. Click on the Hub tab (three horizontal lines) on the browser's menu bar to view all the webpages in the Favorites list.
