

CCleaner is Legendary as One of the Best Registry Cleaners

Piriform makes another must-have system tool: [the legendary CCleaner](#). It does all the dirty work required to keep your PC running in tip-top shape, including ditching unwanted cookies, wiping your browser history, deleting unnecessary files, and keeping your Windows Registry sparkling clean.

It's powerful, but even better, it's free! (A \$25 Professional version with premium support is also available.)
