

## **Change the Default Location for Your Saved Items in Windows 11**

1. Press Windows Key + I to open Windows Settings.
2. In the left pane, select System.
3. In the right pane, click Storage.
4. Click Advanced storage settings > Where new content is saved.
5. Configure the drives to save different files. In this window, you can choose drives to save new apps, documents, music, photos, videos, movies TV shows, and offline maps.
