

## **THE MOUSE POINTER: CHANGE IT'S SIZE, COLOR, AND SPEED IN WINDOWS 11**

1. Go to Settings (Windows + I)
2. Click Bluetooth and Devices (in left column)
3. Click Mouse (in the middle column)
4. While you are here, note that you can adjust the mouse pointer speed
5. Now click Mouse Pointer (lower in middle column)
6. From here you can choose pointer style and color.
