

PERSONALIZE YOUR EDGE BROWSER'S HOME PAGE

Follow these steps:

1. Open Edge from the Taskbar.
2. Click on the Cog Wheel icon that appears near the upper right corner of the browser's homepage.
3. Choose your layout. (You have four choices)
4. Move down to Quick Links and experiment with all four choices. Note that you can turn sponsored links on/off.
5. Move down to Background and click on *Edit Background*. Turn the Background to *on* to view over 50 pre-set choices in addition to your own individual choice.
6. Move down to Custom theme and click *manage*. You have over 50 preset choices in addition to your own individualized choice.
7. The next two choices (custom greeting and New tab tips) are yes/no choices. You decide.
8. Move down to Content, where you have four choices. You may wish to select either *Heading only* or *Contents off*. You can always go back and experiment with the other options.
