

PIN A CURRENT WEB PAGE TO THE TASKBAR

1. Open your Edge browser.
2. Access a Website that you would like to keep handy.
3. Open the Edge menu (look for ...three dots in the upper right corner).
4. Click on *More Tools*.
5. Select *Pin to Taskbar*.
6. Assign a name to the website.
7. Notice that an icon for the target website now appears on the Taskbar.
